DETAILED ACTION

EXAMINER'S AMENDMENT

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it **MUST** be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Mr. Donald L. Monin on 11/8/2004.

The application has been amended as follows: In claim 1, the last line "-- a fiber seal for hermetically sealing the optical fiber directly to the sealing ferrule." has been deleted to avoid duplication as this limitation was unintentionally added in the previous examiner's amendment.

Furthermore, in claim 6, line 1, deleted "5" and replace it by --1--; in claim 12, line 1, deleted "5" and replace it by --1--; in claim 18, line 1, deleted "17" and replace it by --13--; in claim 24, line 1, deleted "17" and replace it by --13--.

Reason for allowance

1. Claims 1-4, 6-16, and 18-24 are allowed over the prior art.
2. The following is an examiner's statement of reasons for allowance: Prior art fails to teach the combination features the sealing ferrule, the ferrule seal, the optical directly being directly to the sealing ferrule fiber; the cap ferrule with the axial bore located in the

outer sleeve, the optical fiber passing through the bore of the cap with the rest of the claims limitations.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
